USING NEWS ARTICLES FOR ADDITIONAL PURPOSES

Using more than 1 news articles for other purposes

In addition to using a single news article, Users are able to use multiple articles for various purposes by

- Clicking on the icon
- Selecting the functions located at the bottom tab such as "Save text as Word/PDF"
- (Based on the example of selecting Word File) click **Download**

The screenshot displays the NCX news website interface. On the left, there is a sidebar with navigation options like 'Latest News', 'InfoQuest News', and 'Topics'. The main content area shows a list of news articles with checkboxes next to them. A modal dialog titled 'Export News to MS Word' is overlaid on the right side of the screen. The dialog contains the text 'Retrieving story 4 of 4...' and a checkbox labeled 'Insert Page Break between each Story'. An arrow points from the checkbox to a callout box that says 'Insert Page Break between each Story' with a checked checkbox and the text 'When the next news article is required to be displayed in a new page'. At the bottom of the dialog are 'Cancel' and 'Download' buttons. The bottom of the page features a toolbar with icons for 'Bookmark', 'Copy', 'Save text as Word', 'Save text as PDF', 'Print', and 'Clear All'.

Example of using more than 1 news article

Save text as Word

The screenshot shows a Microsoft Word document with three columns of text. The first column contains a news article snippet from brandinside.asia about the Thai stock exchange, followed by a Media Value table:

Media Value:	
Site Value	60,000
PR Value	180,000
Potential Reach	324,292

The second column contains a news article snippet from pantipmarket.com about an ASUS VIVOBOOK laptop, followed by a Media Value table:

Media Value:	
Site Value	60,000
PR Value	180,000
Potential Reach	70,877

The third column contains a news article snippet from line.me about FETCO's confidence index, followed by a Media Value table:

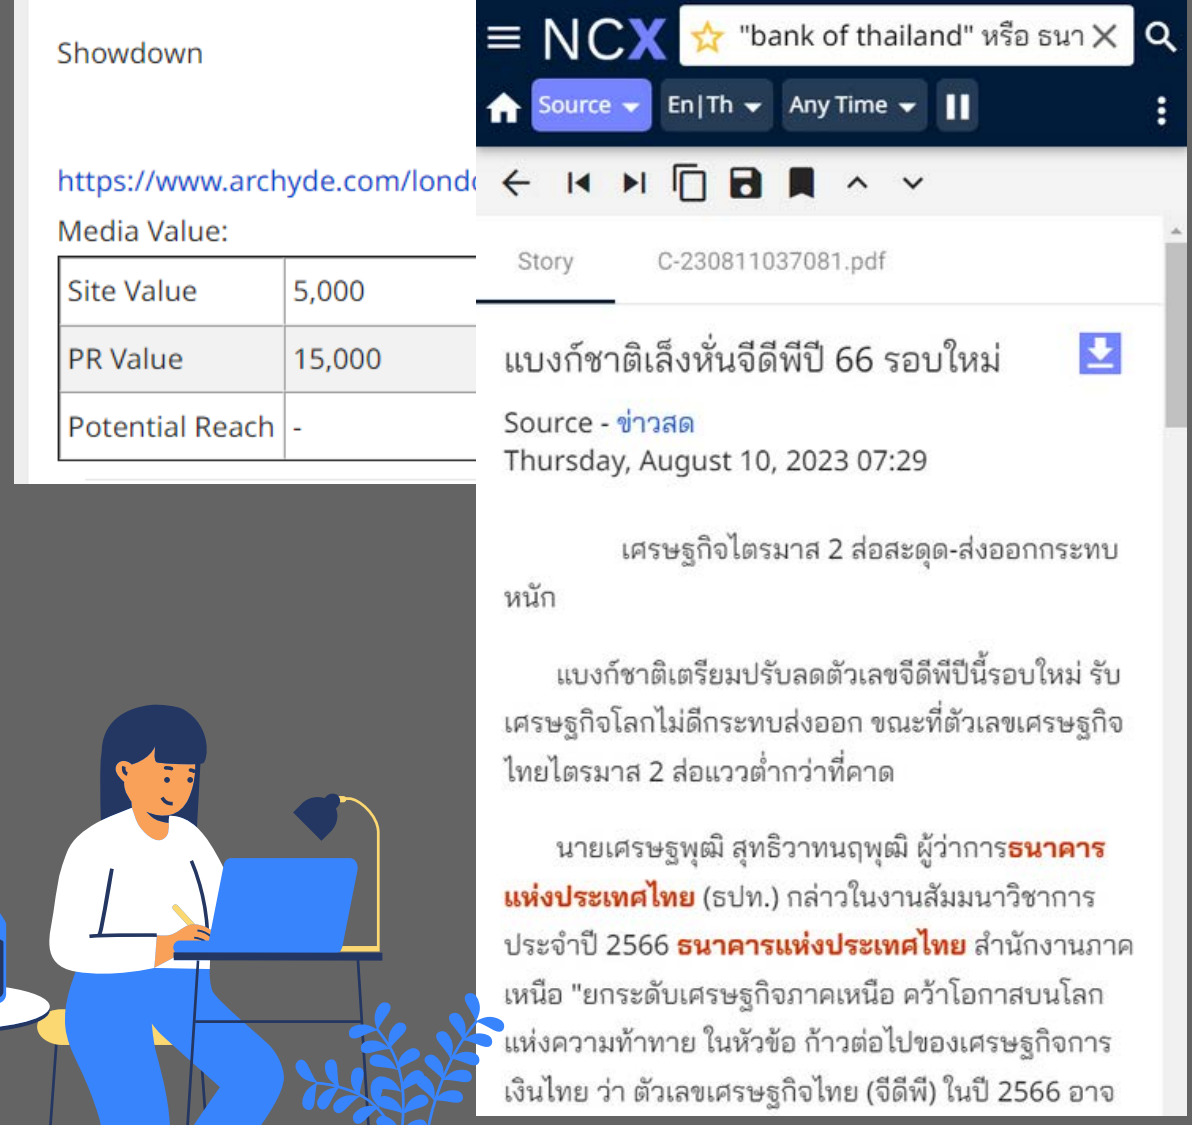

Media Value:	
Site Value	60,000
PR Value	180,000
Potential Reach	13,850,147

The status bar at the bottom indicates 'Page 1 of 4', '344 words', 'Thai', 'Text Predictions: On', and 'Accessibility: Unavailable'. The zoom level is set to 60%.

USING SEARCH AND ITS PARAMETERS

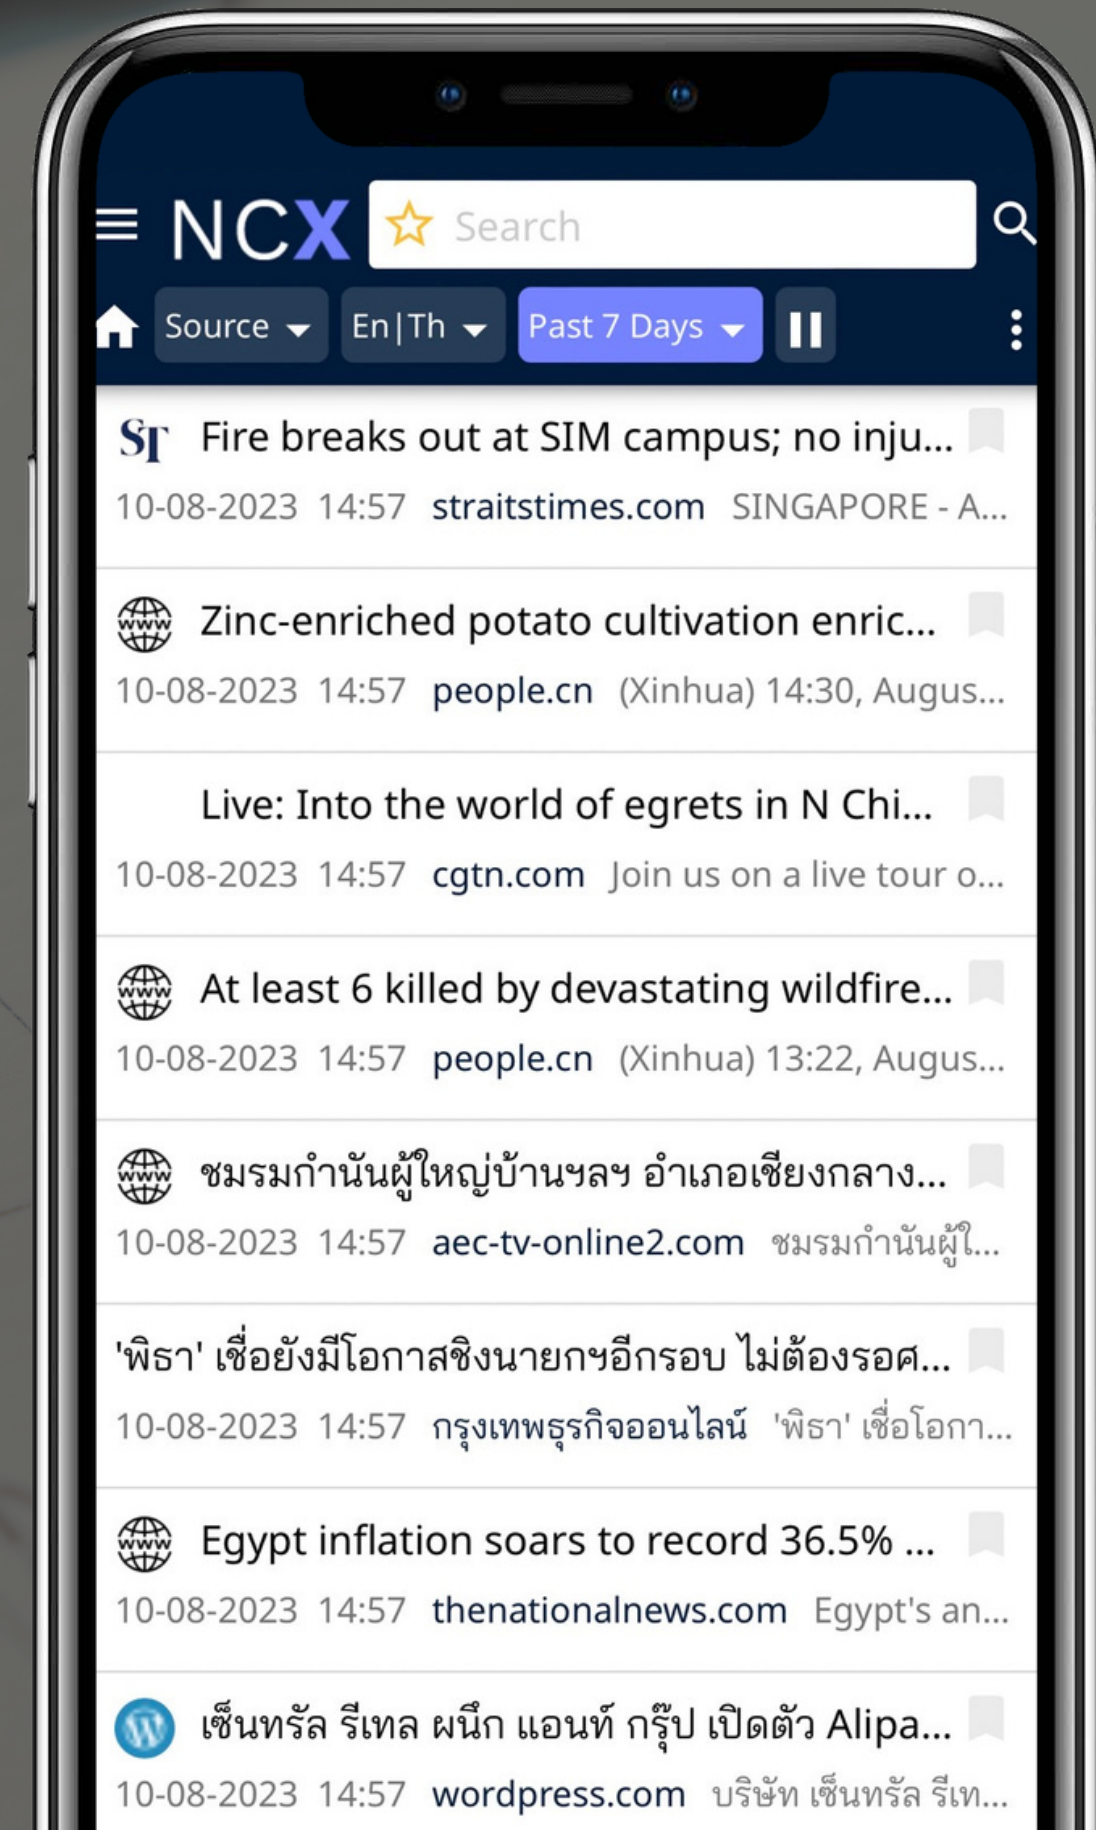

Conditions for searching with more than 1 term or phrase

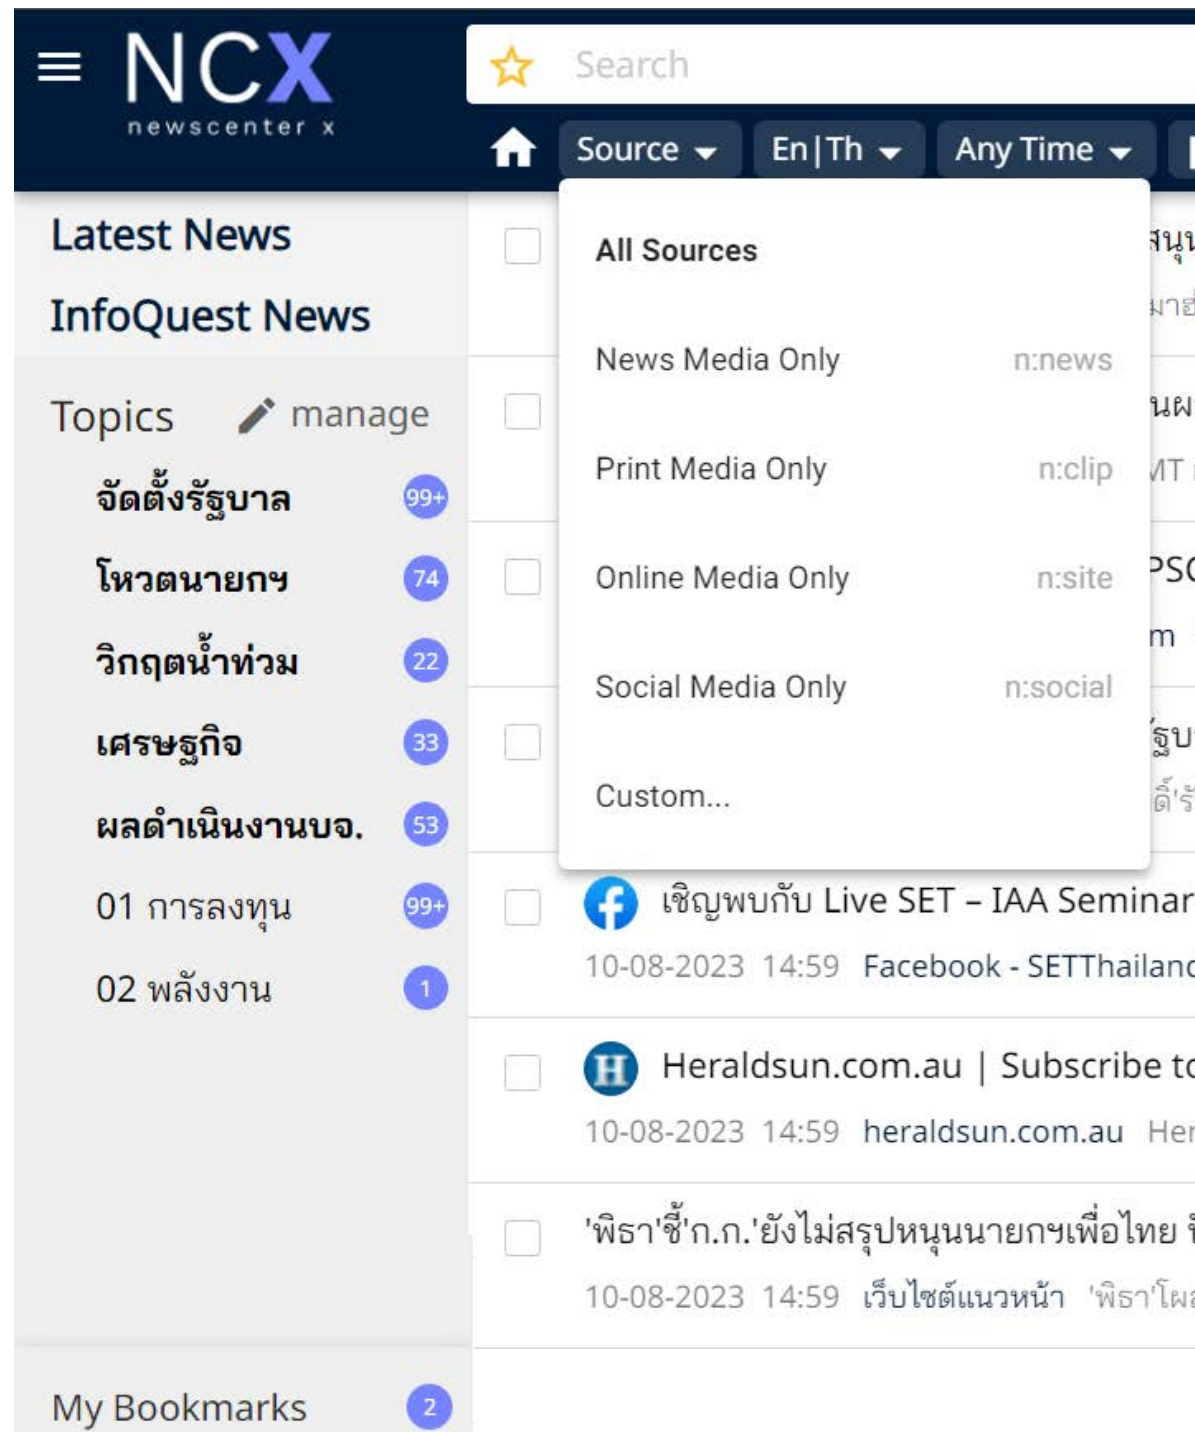

Symbols / Signs	Sample	Description
Space, และ, and, AND	oil energy oil และ energy oil and energy	Search for ALL ENTRIES that contain the "keyword"
หรือ, or, OR	oil หรือ energy oil or energy	Search for ALL ENTRIES that contain one or the other "keyword"
และไม่, and not	oil และไม่ energy oil and not energy	Search for ALL ENTRIES that contain the first "keyword" but do not contain the second "keyword"
"The Quotation Mark"	"bank of thailand" or ธนาคารแห่งประเทศไทย	Search for ALL ENTRIES that contain a phrase, person's first name and last name by using quotation mark
(The Parentheses)	รถไฟฟ้าสายสีเหลือง หรือ (mrt and "yellow line")	More than 1 search term can be used in searches such as "And" / "Or"

SEARCH VIA ...

Indicate the information source to be searched. (Steps are explained on the next page.)

- After selection is completed, the icon image will change color to notify that the user is using the source function.

This can be reverted by selecting **All Sources**

or clicking the  icon.

Search via source

The screenshot shows the NCX newscenter interface. At the top, there is a search bar with a star icon and the text "Search". Below the search bar, there are navigation buttons: "Source" (with a dropdown arrow), "En|Th" (with a dropdown arrow), and "Any T". The main content area is divided into sections: "Latest News", "InfoQuest News", and "Topics" (with a "manage" link). Under "Topics", there are several categories with article counts: "จัดตั้งรัฐบาล" (99+), "โหวตนายกฯ" (75), "วิกฤตน้ำท่วม" (22), "เศรษฐกิจ" (33), "ผลดำเนินงานบจ." (59), "01 การลงทุน" (99+), and "02 พลังงาน" (1). A "Source" dropdown menu is open, showing a list of categories: "All Sources", "News Media Only", "Print Media Only", "Online Media Only", "Social Media Only", and "Custom...". The "Social Media Only" category is highlighted with a blue box and an arrow pointing to it. Below the categories, there are checkboxes for "News Media", "Print Media", "Online Media", and "Social Media".

- Select the **Source** icon >> Custom...
- Select the **▼** icon to expand the sources and then select the desired source
- Select the **SET FILTER** icon to search for articles from that source.

The screenshot shows a dialog box for selecting sources. It has a title bar with "n:news" and a close button. The dialog is divided into two panes. The left pane shows a list of source categories: "News Media", "Print Media", "Online Media", and "Social Media". The "News Media" category is expanded, showing sub-categories: "Commentaries", "Finance and Investment", "Government Agencies", "Laws, Regulations and Notifications", "News Agencies", "Poll", "Press Releases", and "Research Publications". The "News Agencies" sub-category is expanded, showing "News Agencies" and "Poll". The right pane shows a list of selected sources: "News Media", "Commentaries", "Finance and Investment", "Government Agencies", "Laws, Regulations and Notifications", "News Agencies", "*Newspaper Summaries", "Bangkok Post", "Bangkok Post Website", "BLT Bangkok", "Business Today", "IQ สำนักข่าวอินโฟเควสท์", and "Irrawaddy". The "News Agencies" and "*Newspaper Summaries" sources are checked. At the bottom of the dialog, there are two buttons: "SET FILTER" (highlighted with a blue box and an arrow) and "CANCEL".

Search via language

The screenshot shows the NCX news website interface. At the top, there is a search bar and navigation icons. A dropdown menu is open from the 'En|Th' language icon, showing options for 'All', 'Thai', and 'English'. Below this, a table explains the search results for each selection. A second screenshot shows the 'En' icon highlighted in blue, indicating the selected language.

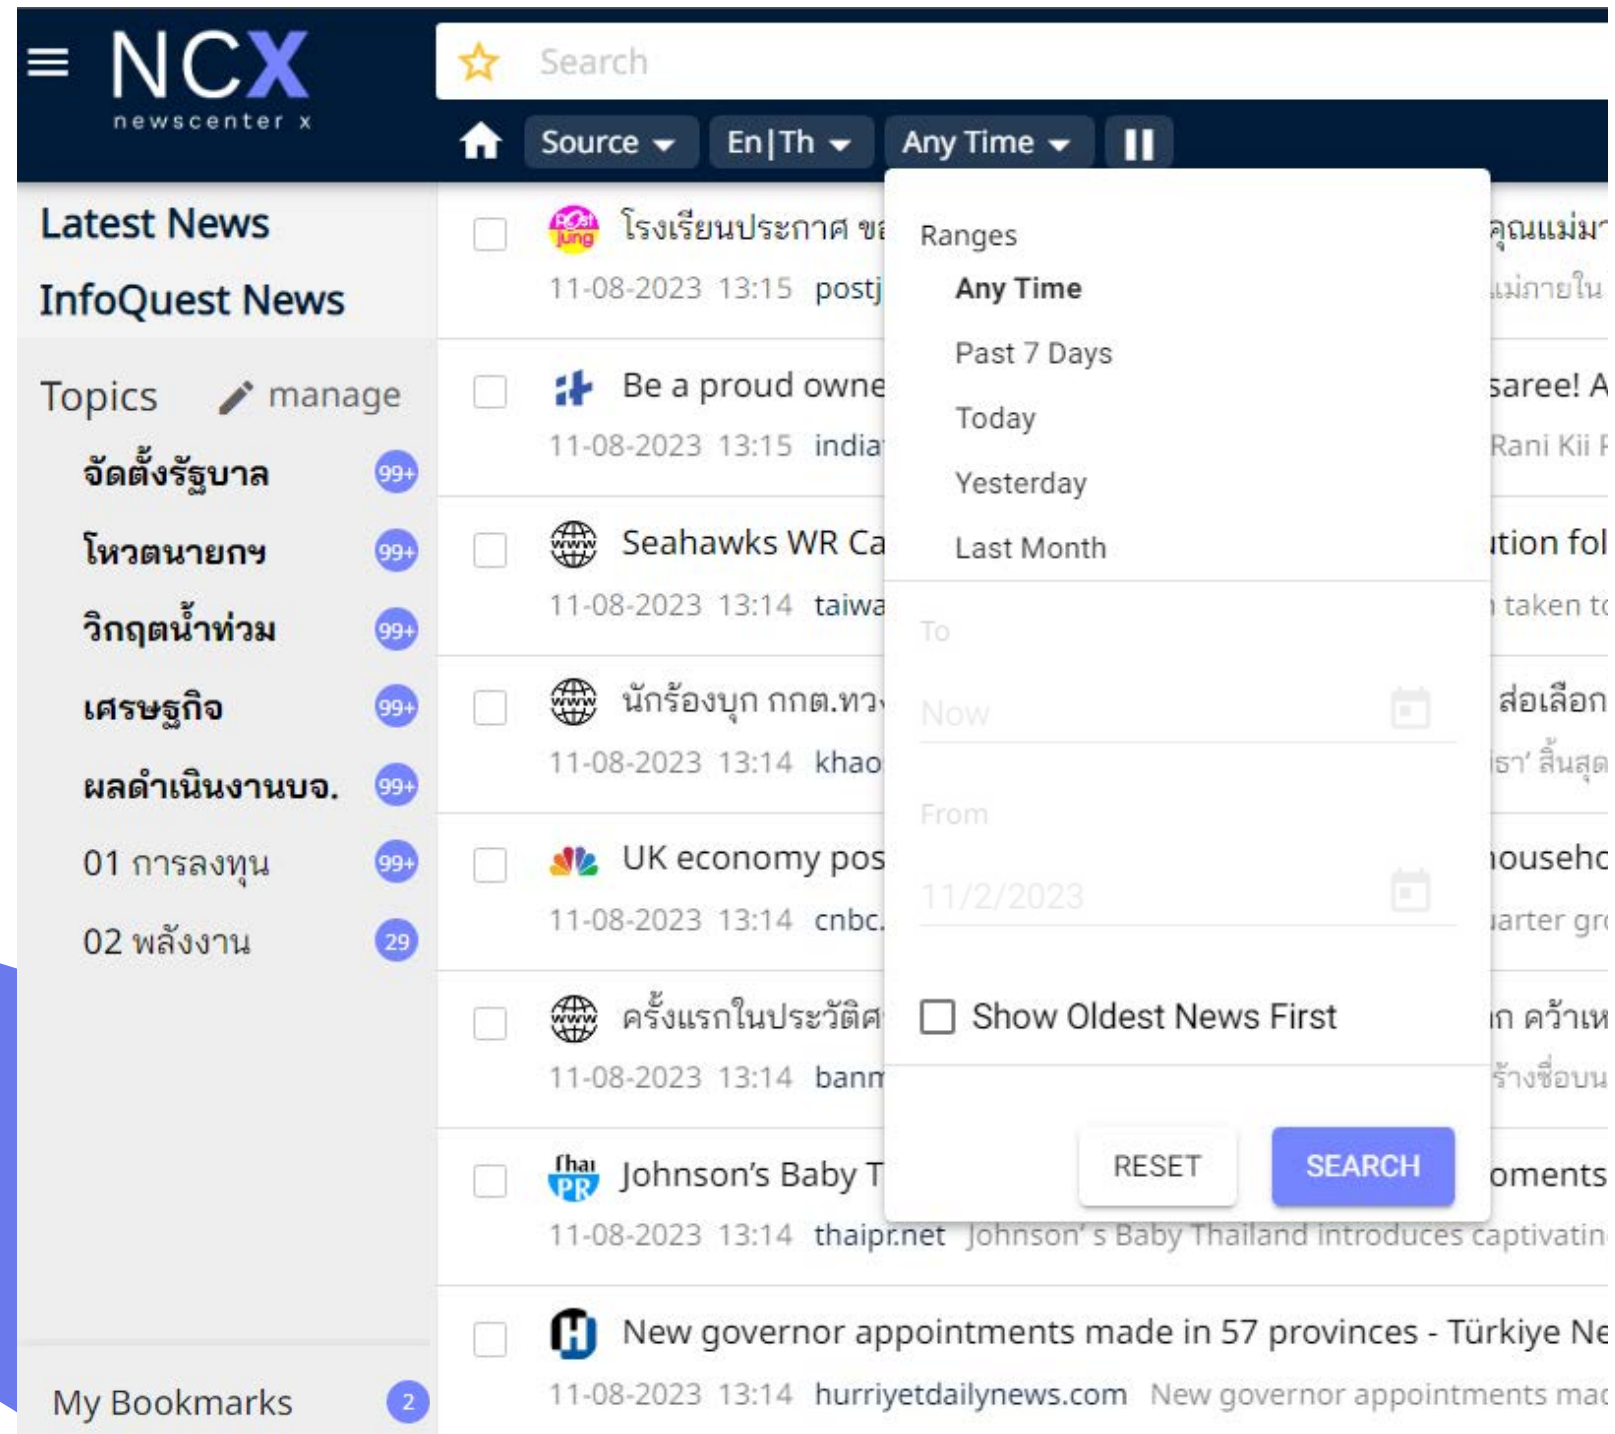

Select...	For...
All	Search for news in Thai and English
Thai	Search for news only in Thai
English	Search for news only in English

- Select the **En|Th** icon to specify the language

- After selection, the icon image will change color **En** to notify that the user is using the language function. This can be reverted by selecting "All" or clicking the **Home** icon.

Search via date and time

Performing a search via date and time can be done with 2 methods:

1) Choosing the specified time

- Select the **Any Time** icon and **Ranges**

Select ...

For ...

Any Time

No specified range

Past 7 Days

Search for news within the last 7 days

Today

Search for news dated today

Yesterday

Search for news dated yesterday

Last Month

Search for news within the last month

When specifying the date range, select "Show Oldest News First" to put oldest news at the top of the search

Show Oldest News First

Search via date and time

The screenshot shows the NCX newscenter interface. At the top, there is a search bar and navigation icons. Below the search bar, there are filters for 'Source', 'En|Th', and 'Any Time'. The 'Any Time' dropdown menu is open, showing various time range options: 'Any Time', 'Past 7 Days', 'Today', 'Yesterday', 'Last Month', 'To Now', and 'From 11/2/2023'. At the bottom of the menu, there are 'RESET' and 'SEARCH' buttons. The background shows a list of news items with various headlines and dates.

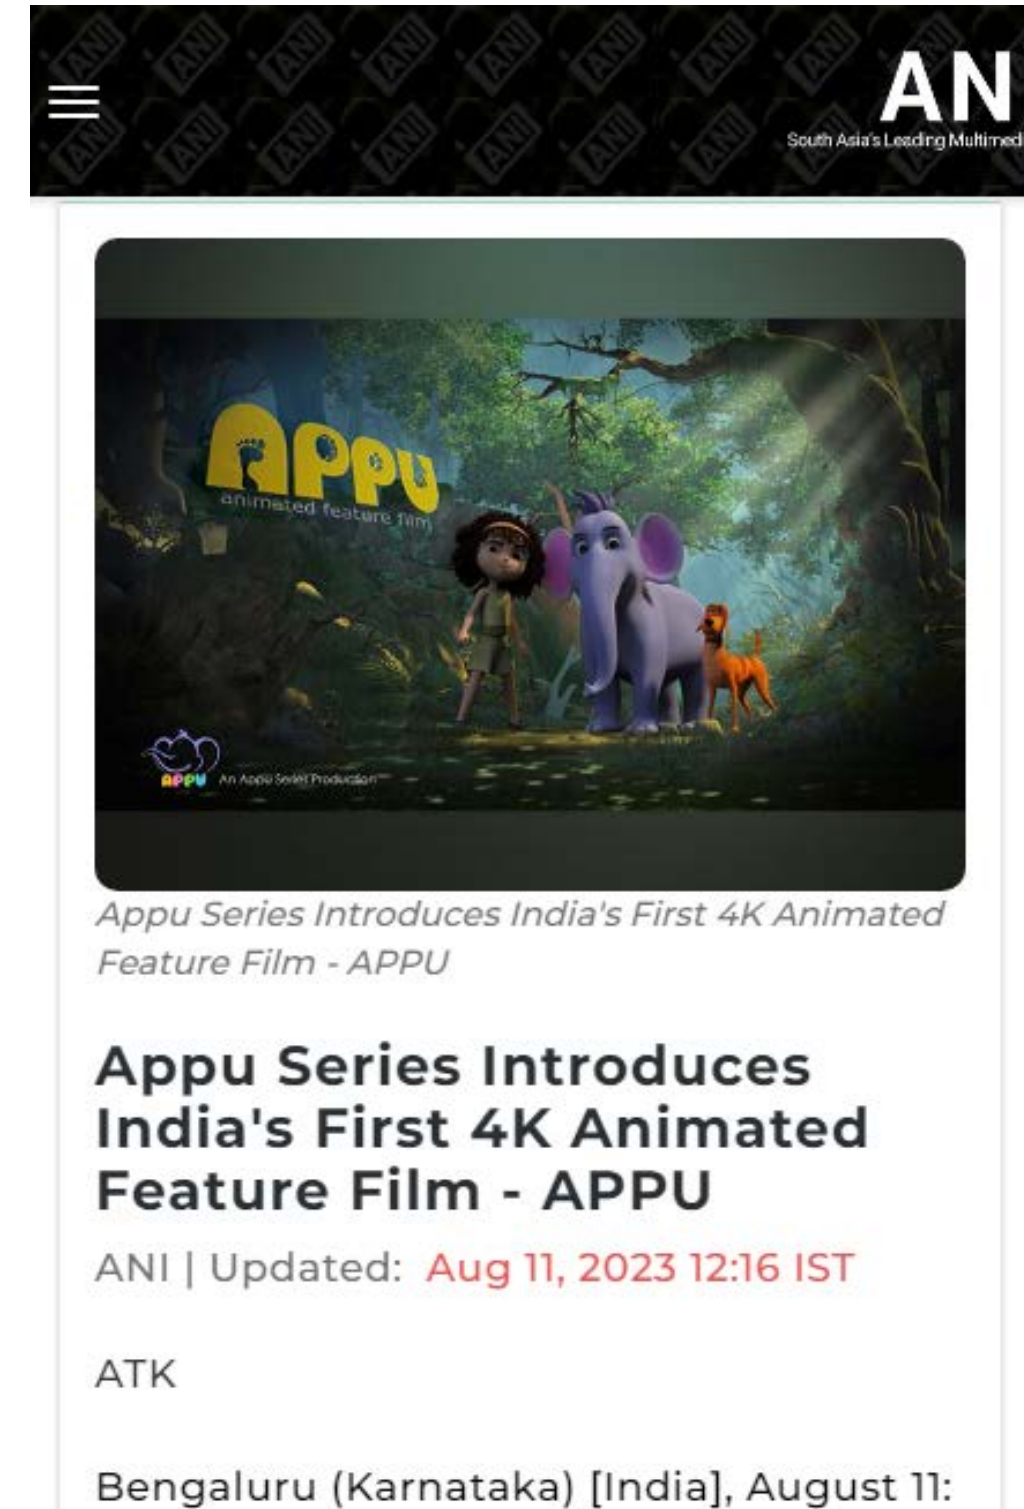

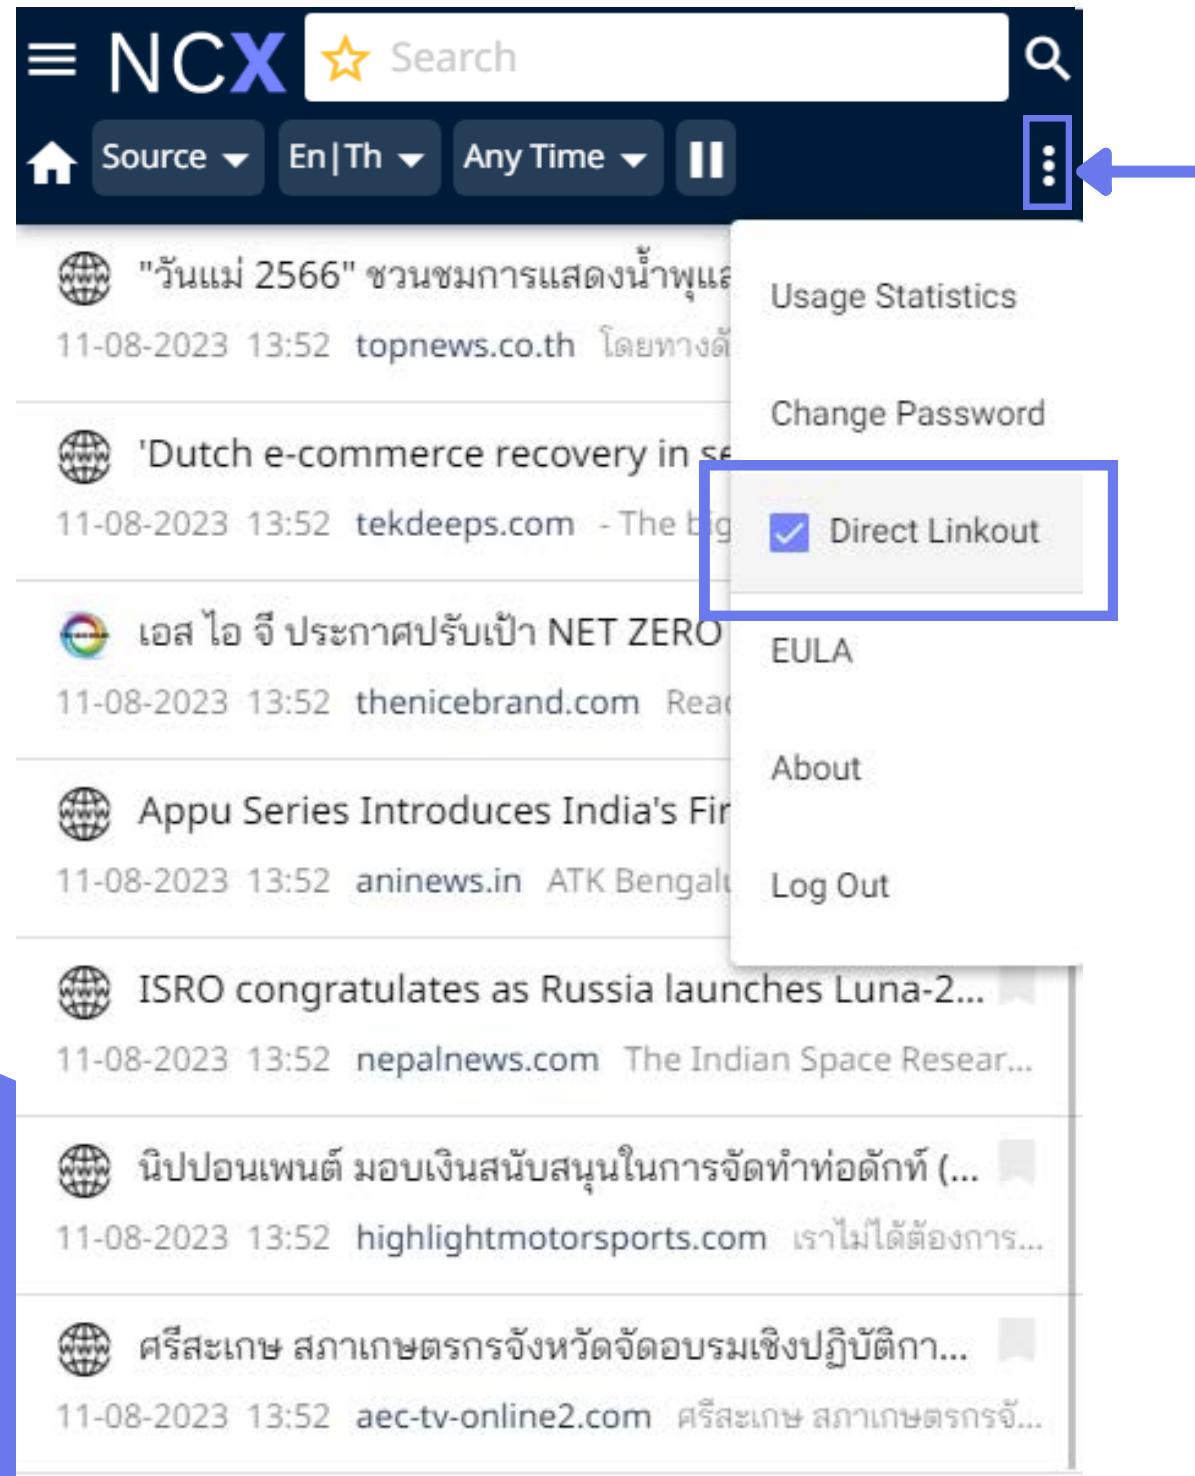

2) Choosing from the calendar

- Select the **Any Time** icon >> From / To
- Select the  icon to specify the starting date and end date

The screenshot shows the date selection interface. It has 'To' and 'From' date fields. The 'To' field is set to '11/8/2023' and the 'From' field is set to '1/8/2023'. Both fields have calendar icons. An arrow points from the 'To' calendar icon to a calendar grid for August 2023. The calendar grid shows the days of the month, with the 11th selected. The 'To' field is highlighted in blue.

- Select the **SEARCH** icon to search or **RESET** to clear the search parameters
- After selection, the icon image will change color **Custom Time** to notify that the user is using the date function. This can be reverted by selecting **Any Time** / **RESET** or clicking the  icon.

Direct Linkout

- When choosing news from social media or online media, the system will always bring to the original article as the default setting.

Direct Linkout

The screenshot shows the NCX news interface. At the top, there is a search bar and navigation buttons for 'Source', 'En|Th', and 'Any Time'. A blue arrow points to a three-dot menu icon in the top right corner. A dropdown menu is open, listing several options: 'Usage Statistics', 'Change Password', 'Direct Linkout' (which is highlighted with a blue box), 'EULA', 'About', and 'Log Out'. Below the menu, a list of news items is visible, including one about 'Appu Series Introduces India's First 4K Animated Feature Film'.

The screenshot shows the full article page for the news item. The article title is 'Appu Series Introduces India's First 4K Animated Feature Film - APPU'. The source is 'aninews.in' and the date is 'Friday, August 11, 2023 13:52'. The article text begins with 'ATK Bengaluru (Karnataka) [India], August 11: Appu Series, the front-runner in children's edutainment, proudly announces the launch of 'APPU' - India's first-ever 4K animated feature film. This momentous cinematic creation is all set to ...'. Below the text is a URL: <https://www.aninews.in/news/business/business/ap...>. Underneath the URL is a 'Media Value' table.

Site Value	5,000
PR Value	15,000
Potential Reach	7,470

- To keep reading on the NCX system by not choosing the direct Linkout function.

SAVING "MY TOPICS"

How to save "My Topics"

- Type out the topic / group of words in the search bar and press enter or click on the  icon
- Select the  icon to open "My Topics" menu
- Designate a name for the topic name, additional queries can be added or deleted
- Select the  icon to save
