Products & Services

• Social Listening & Insight Platform

dxt 360
analytics

“DXT 360 Analytics is a Social Listening Tool that captures consumer voices from social media, providing engagement metrics and sentiment analysis.

- **Media coverage: Social, Websites and Print**
- **Alert functions: Via Line and email**

• Brand Mentions Dashboard

dxt 360
essential

“DXT360 Essential” is a near real-time brand monitoring dashboard that tracks social media, websites, print, TV and Radio*.

* Note: Television and radio monitoring identifies which stations broadcast news about the organization or brand, along with the dates and times of airing (providing station names and broadcast times). The service does not include actual program clips.

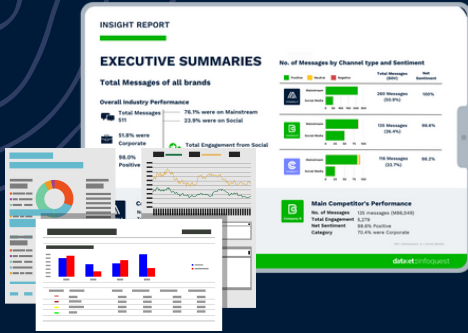

NCX
newscenter x

• News Monitoring Platform

“NCX” delivers comprehensive media monitoring across social, websites, and print outlets, enhanced with powerful live search and archive capabilities.

• Media Analysis & Insight Report

Our expert team analyzes consumer opinions on brands, products, and marketing campaigns, delivering insights through reports. These reports cover ...
